About Chisholm Trail Grass-fed Beef

Chisholm Trail Grass-fed Beef is a rancher-owned and -operated cooperative that raises longhorns locally on family ranches around Texas. Chisholm Trail cattle graze in pastures and thrive without added hormones or unnecessary antibiotics, placing far less stress on the natural environment than grain-fed cattle raised on factory farms. Chisholm Trail partners are focused on providing delicious red meat for

healthy eaters and educating people on the nutritional significance of 100-percent grass-fed beef. For more information, visit www.eathealthybeef.org or connect with them on [Facebook](#) and [Twitter](#).
